Education

- PhD The College of William and Mary, 2012
Educational policy, planning, and leadership in gifted education administration
- Cognate: Higher education
 - Cognate: Educational technology
 - Graduate assistantship at the Center for Gifted Education, 2008-2010
 - Dissertation: *The malleability of spatial ability under treatment of a FIRST LEGO League-based robotics unit* (Pass, with distinction)
 - Committee: Tracy Cross (chair), Joyce VanTassel-Baska, and Bruce Bracken
- MA Virginia Tech, 2000
Secondary curriculum and instruction
- Teacher internship, eighth grade language arts, Blacksburg Middle School, Blacksburg, VA, Spring 2000
 - Teacher internship, eleventh grade English, Patrick Henry High School, Roanoke, VA, Fall 1999
 - Special education internship, fourth grade one-on-one targeted phonics, Price's Fork Elementary School, Blacksburg, VA, Spring 1999
 - Thesis: *A comparison of responses to literature* (creative writing in response to literature)
- BA Virginia Tech, 1998
English, minor biology, concentration computer science
- Field study, middle school language arts (Developed and taught a reciprocal poetry unit with middle school students who had been removed from their schools), Noel C. Taylor Learning Academy, Roanoke, VA, Spring 1998
 - *Silhouette Literary Magazine* art editor, radio show host, benefits coordinator, 1997-2000
 - *Collegiate Times* writer, photographer, and assistant features editor, 1996-1998

Employment

Academic Positions

2017 – present	Associate professor, School of Education Executive director, Center for Access and Achievement Maryville University, St. Louis, MO <ul style="list-style-type: none">▪ Executive Director of the pre-collegiate Maryville Science and Robotics Program, with 50 faculty and staff serving more than 550 children ages 4-16 annually with more than 80 course offerings; including 50+ scholarships for the Maryville Young Scholars Program and others supported by additional grant funding and gifts; serves as a research vehicle for numerous projects (2012-present)▪ P.I., The Maryville Young Scholars Program to identify and serve high ability children from groups traditionally underrepresented in gifted programs in four urban, high poverty public elementary schools with grant funding (2010-present)▪ P.I. Children using Robotics for Engineering, Science, Technology, and Math (CREST-M) to create mathematics curriculum using robotics to engage elementary students traditionally underrepresented in STEM fields (2015-present)▪ P.I. Maryville STEM Sprouts to prepare teachers to engage 3-5 year olds in age-appropriate, constructivist STEM education (2017)▪ Co-P.I. Maryville Computing in the Context of Communications (C3) to engage middle school girls in computer science (2017)▪ P.I. Cyber Ready St. Louis cybersecurity curriculum creation for high school (2018)▪ P.I. Coding Creators for middle school students in the Boys and Girls Clubs (2018)▪ Oversight of the STEM Education Certificate and Gifted Education Certificate▪ Director of the App Coding Camp for Riverview Gardens secondary students (2017-present)▪ Oversight of adjunct-taught gifted and STEM education courses▪ Generated over 2,230,854 in external revenue and more than 50 publications and 35 national, juried presentations▪ Responsible for annual budgets in excess of \$500,000 (2017-18)
2015 – present	Associate professor School of Education, Maryville University, St. Louis, MO
2010 – 2015	Assistant professor School of Education, Maryville University, St. Louis, MO
University Teaching Experience Maryville	
University:	
EDUC 690	Practicum in gifted education (graduate) – Fall 2016
EDUC 617	Psychology of the gifted (graduate) – Fall 2011, 2012, 2013, 2014, 2015, 2016
EDUC 615	Curriculum and instruction of the gifted (graduate) – Fall 2010; Spring 2011, 2012, 2013, 2014, 2015, 2016
EDUC 548	STEM Education for the 21 st Century – Summer 2016
EDUC 390/590	Children's literature (undergraduate) – Spring 2016, 2017, 2018

EDUC 384	Practicum in reading (undergraduate) – Spring 2011, 2012, 2013, 2014
EDUC 381	Alternative reading methods (undergraduate) – Spring 2011, 2012, 2013, 2014, 2015
EDUC 380	Teaching reading (undergraduate) – Fall 2010, 2011
EDUC 371	Special methods practicum (undergraduate) – Fall 2010, 2011, 2012, 2013, 2014
EDUC 342	Practicum in teaching art K-12 (undergraduate) – Spring 2013
EDUC 333/533	Integrating the arts (undergraduate / graduate) – Fall 2012, 2013, 2014, 2015, 2016
INTD 101	University seminar: Unleash yourself (undergraduate) – Fall 2015
University of Oxford: ENGL 297/EDUC 297	From Wonderland to Hogwarts: British children’s fantasy and the people behind it (undergraduate) – Summer, 2013 Visiting lecturer, MOSAICS Study Abroad Program University of Oxford, U.K.

K-12 Teaching Experience

Summers, 2009, 2010

Robotics teacher

Summer Enrichment Program, Center for Gifted Education, Williamsburg, VA

- Created and taught multiple sections of “LEGO WeDo: The science and engineering of robotics” for five- to nine-year-olds
- Involved students in learning about robotics including sensors, engineering including gear ratios, and computer programming including repeat loops

Summer, 2010

Critical reading teacher

Norfolk Academy, Norfolk, VA

- Co-created and co-taught with a NASA education specialist: Skies on fire: Air pollution in Hampton Roads
- Integrated critical reading and My NASA Data for high ability high school students to use evidence to determine where a power plant should be located and how it should generate power

2001 – 2008

Fourth and fifth grade classroom teacher

Christiansburg Elementary School, Christiansburg, VA

- Supported students with disabilities and giftedness in a full-inclusion classroom
- Taught reading, writing, and science using project- and problem-based instruction
- Taught mathematics using *Everyday Math*, InterAct units, and *Hands-on Equations*
- Coordinated annual field trips to Thomas Jefferson National Park, 2001-2008
- Designed, set-up, and maintained display Congo River (135 gallons) and Lake Malawi (120 gallons) biotope aquariums for the school, 2002-2008
- Morning Reading Intervention Program director, 2003-05

- School web master, 2005-2008
- Coordinated a field trip for seven fourth grade classes to Monticello and Ashlawn in Charlottesville, VA, 2008

Summers, 2003, 2006, 2007	<p>Gifted summer enrichment program teacher Montgomery County Public Schools, Christiansburg, VA</p> <ul style="list-style-type: none"> ▪ Developed and implemented courses for gifted students in grades 3-11 ▪ Courses taught included LEGO robotics, engineering, chess, creative writing in hypertext, science processes, and dystopian literature
Summer, 2005	<p>Humanities teacher Summer academy, Blacksburg Middle School, Blacksburg, VA</p> <ul style="list-style-type: none"> ▪ Taught humanities, including creative writing in hypertext ▪ Program focused on traditionally underserved gifted middle school students
2000 – 2001	<p>English teacher Multimedia Academy, Mt. Diablo High School, Concord, CA</p> <ul style="list-style-type: none"> ▪ Senior world literature, junior American literature ▪ Created literature-based projects for hypertext and animation
1999 –2000	<p>Substitute teacher Montgomery County Public Schools, Montgomery County, VA</p> <ul style="list-style-type: none"> ▪ Served in a variety of teaching capacities including two months as an elementary special education teacher
Summer, 1999	<p>Special education aide Christiansburg Elementary School, Christiansburg, VA</p> <ul style="list-style-type: none"> ▪ Supported fourth graders with special needs during a summer remedial program

Consultancies

Spring 2017 – present	<p>Consultant and professional development Washington University's MySci, St. Louis, MO</p> <ul style="list-style-type: none"> ▪ Advise and provide training on robotics education for the Monsanto Fund's MySciDo grant project, including CREST-M and FIRST LEGO League ▪ Collaborate with Washington University, the Monsanto Fund, The LittleBit Foundation, and the Disruption Department to provide robotics and makerspace tools and training for high poverty schools
Fall, 2016	<p>Consultant and professional development University City School District, University City, MO</p> <ul style="list-style-type: none"> ▪ Provide professional development for kindergarten and 3rd grade teachers on using LEGO to enhance science education ▪ Advise on a grant-funded robotics project
Fall, 2015 – present	<p>Consultant and professional development</p>

Chesterfield Day School, Chesterfield, MO

- Provide professional development for grades 2-6 on project-based learning, gifted education, and STEM education
- Consult on special programs

Spring and Fall, 2013

Consultant and professional development

Oak Hill School, Ladue, MO

- Provided 8 sessions on serving high ability and gifted students, K-6
- Special focus on leadership development

September, 2012 – May, 2013 Consultant, Webster Groves Gifted Program Evaluation Committee

Webster Groves School District, St. Louis, MO

- Provided overview, research justification, and technical expertise for initiating Problem-based Learning (PBL) methods and models in districts gifted programs
- Advised program director on best practice in gifted programming

Spring – Summer, 2012

Consultant, Scientists in Residence (SiR) grant summer robotics program

Parkway School District, St. Louis Public School District, St. Louis, MO

- Program development for a three week summer robotics and problem-based learning program with physical science content relating to green energy production
- Coordinated professional development for 60 teachers who in turn used robotics in the program with 120 students in grades 3-5

Related Experience

February – May, 2013

Evaluator, *Step inside the story: Building cognitive skills through drama*

Metro Theater Company, Patch Neighborhood Center, St. Louis, MO

- Evaluated a grant project with goals to increase parent involvement, student literacy, student creative play, and teacher use of theater techniques in two high poverty preschool classrooms

2009 – 2010

Field researcher, replication study of *Acid, Acid Everywhere* PBL unit effectiveness

Center for Gifted Education, Williamsburg, VA

- Utilized the Classroom Observation Scales-Revised (COS-R) to conduct multiple classroom observations of a group of teachers of the gifted participating in a curriculum evaluation study
- Scored pre- and post-assessments (DCT) of student understanding of scientific investigation for both the treatment groups and the comparison groups
- Conducted statistical analyses of collected data

2009

Evaluator, needs assessment

Montgomery County Public Schools, Christiansburg, VA

- Created, conducted, analyzed, and reported upon a survey for district classroom to assess their needs for serving gifted students

2008 – 2009

Research assistant to Dr. Joyce VanTassel-Baska, Executive Director, Center for Gifted Education, Williamsburg, VA

- Served as a liaison between authors and editors on two book projects
- Revised and presented Project Clarion professional development modules

- Conducted literature reviews for journal articles and book chapters
- Assisted in the revision of the Florida State Plan for the Gifted
- Co-evaluator on a needs assessment of Cumberland Valley Public Schools, Mechanicsburg, PA

2006 – present

FIRST LEGO League judge and judge advisor (volunteer)

- Qualifying competition judge advisor, St. Louis, MO, 2010, 2011, 2012, 2013, 2014, 2015, 2016
- Certified Robot Design Judge, Certified Core Values Judge, Certified Project Judge
- World Festival judge, Robot Design, St. Louis, MO, 2011, 2012, 2013, 2014, 2017
- State competition assistant judge advisor, St. Louis, MO, 2011
- State competition judge, Robot Design, St. Louis, MO, 2010
- Head judge, Division II, Blacksburg, VA, 2008
- State competition judge, Robot Design, Blacksburg, VA, 2006

2005 –2006, 2015

Therapeutic foster parent

Family Preservation Services, Christiansburg, VA

- Fostered an elementary-aged boy for 21 months
- Taught bicycling, swimming, and snorkeling
- Oversaw reading comprehension grade equivalent rise from 1.7 to 5.5
- Facilitated successful transition back to biological family (age 10)
- Helped obtain a driver's license (age 18)
- Assisted with transition to the work and self-sufficiency (age 18)

2003 – 2008

FIRST LEGO League coach (volunteer)

Christiansburg Elementary School, Christiansburg, VA

- Guided ten elementary students through designing and programming LEGO robots for the competition annually
- Facilitated student research and presentation for each year's topic
- Coordinated parent volunteers and university engineering student mentors
- Taught Robotic Invention System and NXT-G programming
- State Judges' Award, 2004 and 2005
- Regional Robot Design Award, 2003, 2004, and 2005
- Regional Core Values Award, 2007
- Team won multiple other awards from 2003-2009

2017 – present

Junior FIRST LEGO League coach (volunteer)

Ballwin, MO community team

- Guide teams of 5-7 year-olds through designing and programming a LEGO robot and facilitated a research poster for competition
- Engineering award (2017)

External Funding

\$2,230,854 Funded to January, 2018

- Coxon, S. V., Dohrman, R. L., & Gross, P. (2018). *Cyber Ready St. Louis*. Proposal submitted to the Monsanto Fund. Amount granted: \$132,595.
- Coxon, S. V., & Gross, P. (2018). *Maryville Coding Creators*. Proposal submitted to Boeing. Amount granted: \$125,000.
- Coxon, S. V. (2017). *Scholarships for Riverview Gardens students to attend App Development Camp*. Proposal submitted to AT&T. Amount gifted: \$7,500.
- Dohrman, R. L., Coxon, S. V., & York, D. (2017). *C3: Computing in the Context of Communication*. Proposal submitted to the Monsanto Fund. Amount granted: \$124,710.
- Coxon, S. V. (2016). *Maryville STEM Sprouts*. Proposal submitted to Boeing. Amount granted: \$85,000.
- Coxon, S. V. (2016-2017). *Maryville Young Scholars Program*. Proposal submitted to Midwest Bank. Amount gifted: \$1500 (year 1), \$1500 (year 2).
- Coxon, S. V. (2015). *STEM Education Certificate Program*. Proposal submitted to Boeing. Amount granted: \$70,000.
- Coxon, S. V. (2015-2016). *Maryville Young Scholars Program*. Proposal submitted to the Ayco Charitable Foundation (Greg and Lisa Boyce). Amount gifted: \$1500 (year 1), \$1500 (year 2).
- Coxon, S. V., & R. L. Dohrman. (2015-2016). *Children using Robotics for Engineering, Science, Technology, and Math (CREST-M)*. Proposal submitted to the Monsanto Fund. Amount granted: \$124,995 (year 1), \$120,000 (year 2).
- Coxon, S. V. (2015-2019). *Maryville Young Scholars Program*. Proposal submitted to Emerson. Amount gifted: \$50,000 (year 1), \$50,000 (year 2), \$50,000 (year 3), \$50,000 (year 4).
- Coxon, S. V. (2013-2016). *Maryville Young Scholars Scholarships to Attend the Maryville Summer Science and Robotics Program*. Proposal submitted to parents of attendees of the Program. Amount gifted: \$250 (year 1), \$50 (year 2), \$1500 (year 3), \$500 (year 4).
- Coxon, S. V. (2014). *Robotics for Peabody Elementary*. Proposal submitted to LEGO Education. Amount gifted \$1,000 in WeDo robotics kits.
- Coxon, S. V., & Hausfather, S. (2013-2014). *Maryville Young Scholars Program*. Proposal submitted to Emerson. Amount gifted: \$30,000 (year 1), \$40,000 (year 2).
- Coxon, S. V., & Hausfather, S. (2013-2015). *Maryville Young Scholars Scholarships to Attend the Maryville Summer Science and Robotics Program*. Proposal submitted to AT&T. Amount gifted: \$5,000 (year 1), \$5,000 (year 2), \$5,000 (year 3).
- Coxon, S. V. (2012-2017). *Maryville Young Scholars Summer Robotics Transportation*. Proposal submitted to the Ryan Howard Foundation. Amount gifted: \$2,000 (year 1), \$2,000 (year 2), \$3,000 (year 3), \$5,000 (year 4), \$5,000 (year 5).

Coxon, S. V., & Hausfather, S. (2012-2015). *Maryville Young Scholars Program*. Proposal submitted to the Dana Brown Trust. Amount granted: \$50,000 (year 1), \$50,000 (year 2), \$50,000 (year 3).

Coxon, S. V., & Hausfather, S. (2012). *Expanding FIRST LEGO League to Diverse Students*. Proposal submitted to the Trio Foundation. Amount granted: \$10,000.

Coxon, S. V. (2012-2017). *The Maryville Science and Robotics Program*. Gross tuition revenue: \$62,059 (2012), \$96,108 (2013), \$135,065 (2014), \$160,000 (approximate 2015), \$180,000 (approximate 2016), 210,000 (approximate 2017).

Coxon, S. V., & Hausfather, S. (2010-2016). *Young Scholars: Nurturing Academic Potential in Underrepresented Populations*. Proposal submitted to the Saigh Foundation. Amount granted: \$20,000 (year 1), \$15,000 (year 2), \$17,500 (year 3), \$17,500 (year 4), \$20,522 (year 5), \$20,000 (year 6), \$15,000 (year 7).

Coxon, S. V. (2005). *FIRST LEGO League*. Proposal submitted to Appalachian Electric Power. Amount granted: \$500 (year 1), \$250 (year 2), \$250 (year 3).

Selected Unfunded Grants

Coxon, S. V. (2014). *Young Scholars: Scaling up a successful model for increasing diversity in gifted education programs*. Proposal submitted to the Javits Gifted and Talented Students Education Program [USDOE]. Amount requested: \$2,114,111.06. [Unfunded].

Coxon, S. V., & Dohrman, R. (2014). *Children using robotics for engineering, science, technology, and mathematics (CREST-M)*. Proposal submitted to the Monsanto Fund. Amount requested: \$499,247 [Unfunded].

Coxon, S. V., & Dohrman, R. (2013). *Increasing interest and potential in STEM careers among diverse children and their teachers through robotics*. Proposal submitted to the National Science Foundation. Amount requested: \$2,881,353.66 [Unfunded].

Publications

Books, Book Chapters, and Monographs

Coxon, S. V. (2016). Spatial ability, engineering, and robotics for high-ability learners. In D. Dailey and A. Cotabish (Eds.), *Engineering instruction for high ability learners in K-8 classrooms*. Washington D. C.: National Association for Gifted Children and Prufrock Press.

Kim, K. H., & Coxon, S. V. (2016). Fostering creativity using robotics among students in STEM fields to reverse the Creativity Crisis. In Melissa K. Demetrikopoulos and John L. Pecore (Eds.), *Interplay of creativity and giftedness in science*. Rotterdam, The Netherlands: Sense.

Coxon, S. V. (2015). S is for science education at the secondary level: Curriculum and instructional methods for developing scientific thinking and habits. In B. D. MacFarlane (ed.), *STEM education for high-ability learners: Designing and implementing programming*. Waco, TX: Prufrock.

Coxon, S. V. (2014). On the edge of chaos: Robots in the classroom. Ambrose, D. & Sriraman, B., (Eds.). *A critique of creativity and complexity: Deconstructing clichés*. Rotterdam, Netherlands: Sense.

Kim, K. H., & Coxon, S. V. (2013). The creativity crisis, possible causes, and what schools can do about it. In J. B. Jones. & L. J. Flint (Eds.), *The creative imperative: School librarians and teachers cultivating curiosity together*. Santa Barbara, CA: Libraries Unlimited.

Coxon, S. V. (accepted, unpublished). STEAM power: Reversing the creativity crisis in the science education. Accepted for a book which was never published by the editor.

Coxon, S. V. (2013). *Serving visual-spatial learners*. Waco, TX: Prufrock.

Curriculum Units

Coxon, S. V., Dohrman, R. L., & Washington University Institute for School Partnerships MySci. (in preparation). *TBD*. Children using Robotics for Engineering, Science, Technology, and Math (CREST-M) math curriculum for grades 3.

Coxon, S. V., Dohrman, R. L., & Roberts, G. (under review). *Explore fractions with Ana and John: The tale of the monarchs*. Children using Robotics for Engineering, Science, Technology, and Math (CREST-M) math curriculum for grade 5.

Coxon, S. V., Dohrman, R. L., & Roberts, G. (under review). *Explore measurement with John and Lucia: Strawberry harvest*. Children using Robotics for Engineering, Science, Technology, and Math (CREST-M) math curriculum for grade 4.

Coxon, S. V. (2010). Design to succeed in LEGO WeDo challenges: An enrichment unit for ages 7-10. Available for download at <http://stevecoxon.com/>

Lewis, P., & Coxon, S. V. (2010). *Skies on fire: Air pollution in Hampton Roads, a data-based critical thinking unit for high ability high school students*. NASA and The Center for Gifted Education, Norfolk, VA. Available for download at <http://stevecoxon.com/>

Coxon, S. V. (2008). *STEMbotics: Using Edward deBono's Six Thinking Hats and LEGO NXT robotics to understand STEM careers*. Available for download at <http://stevecoxon.com/>

Curriculum Unit Revisions

Center for Gifted Education. (2010). *How the Sun makes our day*. Waco, TX: Prufrock.

Center for Gifted Education. (2010). *Survive and thrive*. Waco, TX: Prufrock.

Center for Gifted Education. (2010). *Invitation to invent*. Waco, TX: Prufrock.

Evaluation Reports

Coxon, S. V. (2013). Report to the Metro Theater Company on the evaluation of *Step inside the story*, St. Louis, MO.

Coxon, S. V. (2009). Needs assessment and evaluation report on Montgomery County Public Schools, Christiansburg, VA.

VanTassel-Baska, J., & Coxon, S. V. (2009). Needs assessment and evaluation report on Cumberland Valley Public Schools, Mechanicsburg, PA.

Presentations

National Juried Presentations

- Dohrman, R. L., York, D., & Coxon, S. V. (2018, June). *Project C3: Engaging middle school girls in coding through journalism*. Roundtable. International Society for Technology in Education. Chicago, IL.
- Coxon, S. V. (2018, March). *Early is better: STEM education for ages 3–5 results in long-term benefits as this project demonstrates in a diverse, high-poverty setting*. National Science Teachers Association National Conference on Science Education. Atlanta, GA.
- Lankin, J., Wai, J., & Coxon, S. V. (2017, November). *Spatial talents and STEM programs: Identification and curricular innovations*. National Association for Gifted Children. Charlotte, NC.
- Dohrman, R. L., York, D., & Coxon, S. V. (2017, October). *Computing in the Context of Communication: A pilot study of engaging middle school girls in computing through the study of journalism*. Presented to the annual meeting of the Organization for the Study of Communication, Language & Gender. Omaha, NE.
- Coxon, S. V., & Dohrman, R. L. (2017, June). *LEGO robotics to enhance mathematics learning*. International Society for Technology in Education. San Antonio, TX.
- Coxon, S. V. (2016, November). In D. Dailey (chair), *Developing critical STEM literacy and delivering better STEM programs* (panel). National Association for Gifted Children, Orlando, FL.
- Dohrman, R. L., Stephen, G., Buck, K., & Coxon, S. V. (2016, October). *The deciders: A pilot study of gendered parental beliefs & attitudes about children's participation in STEM extracurricular activities*. Organization for the Study of Language, Communication and Gender, Chicago, IL.
- Coxon, S. V. (2016, April). *Preparing high ability students from poverty for gifted programs: The Young Scholars Program*. Council for Exceptional Children Education Convention. St. Louis, MO.
- Coxon, S. V. (2015, November). *Creative math engagement in Fergusson*. National Association for Gifted Children Annual Convention, Creativity Network. Baltimore, MD.
- Dohrman, R. L. & Coxon, S. V. (2015, July). *Children using robotics for engineering, science, technology and math (CREST-M): An interdisciplinary study assessing the importance of narrative in anticipatory socialization for elementary students* (Work in Progress). Presented to the annual meeting of the Aspen Engaged Scholarship in Organizational Communication Conference. Aspen, CO.
- Coxon, S. V., & Senne, J. (2014, November). *Architecture: Where creativity and math merge*. National Association for Gifted Children Annual Convention, Creativity Network. Baltimore, MD.
- Dohrman, R., & Coxon, S. V. (2014, November). *Engaging girls in STEM with robotics*. National Association for Gifted Children Annual Convention, STEM Network. Baltimore, MD.
- Coxon, S. V. (2014, July). *Observation: The earliest critical thinking skill*. International Conference for Critical Thinking and Educational Reform, Foundation for Critical Thinking, Berkeley, CA.
- Coxon, S. V. (2013, November). *Generate some STEAM: Developing creativity in STEM through arts integration*. National Association for Gifted Children Annual Convention, Creativity Network. Indianapolis, Indiana.

- Coxon, S. V. (2013, November). *Robotics brings results: A study of creativity, spatial ability, and robotics*. National Association for Gifted Children Annual Convention, STEM Network, Indianapolis, Indiana.
- Coxon, S. V. (2013, March). *Serving visual-spatial learners*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2012, November). *Controllable but ignored: Environmental factors in early childhood that impede school success*. National Association for Gifted Children Annual Convention, Early Childhood Network, Denver, CO.
- Coxon, S. V. (2012, November). *Robotics for STEM success: Evaluation of a project to start robotics teams in high poverty schools*. National Association for Gifted Children Annual Convention, STEM Network, Denver, CO.
- Coxon, S. V. (2012, September). *Developing creativity for future STEM innovation in young children*. American Creativity Association Innovation by Design Conference. Drexel University, Philadelphia, PA.
- Coxon, S. V. (2012, April). *The Malleability of Spatial Ability Under Treatment of a FIRST LEGO League Competition-based Simulation*. American Educational Research Association Annual Meeting, Vancouver, Canada.
- Coxon, S. V. (2011, November). *Partners in innovation: Creative and spatial abilities*. National Association for Gifted Children Annual Convention, STEM Network, New Orleans, LA.
- Coxon, S. V., & Bilby, B. (2011, November). *To find and to serve: Experiences identifying and serving talented students in a low-income school*. National Association for Gifted Children Annual Convention, Special Populations Network, New Orleans, LA.
- Coxon, S. V. (2010, November). *The changing weather: Developing a conceptual understanding of weather phenomena in young children*. National Association for Gifted Children, Early Childhood Network, Atlanta, GA.
- Coxon, S. V. (2010, November). *The mother of invention: Involving elementary students in the invention process*. National Association for Gifted Children, STEM Network, Atlanta, GA.
- Coxon, S. V. (2010, March). *The changing weather: Developing a conceptual understanding of weather phenomena in young children*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2010, March). *Activities to challenge spatially gifted students*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2010, March). *STEMbotics: Using LEGO NXT robotics to engage students in STEM career possibilities*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2009, November). *Making scientists out of primary students: Project Clarion*. National Association for Gifted Children, Curriculum Network, St. Louis, MO.
- Coxon, S. V. (2009, November). *STEMbotics: Using robotics to understand STEM systems*, STEM Network, National Association for Gifted Children, St. Louis, MO.

- Coxon, S. V. (2009, March). *Serving spatially gifted children in the regular classroom*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2008, March). *LEGO robotics: Science, engineering, and computer programming logic*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2008, March). *Build It! Fun activities for problem solving and spatial reasoning*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2007, March). *Robots gone wild: LEGO and logic*. National Curriculum Networking Conference, Center for Gifted Education, The College of William and Mary, Williamsburg, VA.

State-Level Juried Presentations

- Davis, G., Ritenour School for Early Childhood Education faculty, & Coxon, S. V. (2018, March). *STEM Sprouts*. Conference on the Young Years. Osage Beach, MO.
- Senne, J., Marklin, K., & Coxon, S. V. (2017, October). *STEAM (science, technology, engineering, art, math) outdoor learning space*. Interior Design Educators Council Midwest Regional Conference. St. Louis, MO.
- York, D., Dohrman, R., Coxon, S. V., and Nadler, D. (2017, October). *Coding Through the Context of Communication*. Presented at JournalismSTL Conference, St. Louis, MO.
- Coxon, S. V., (2016, October). *Start a makerspace in your school or classroom*. Gifted Association of Missouri Conference, Columbia, MO.
- Coxon, S. V., & Dohrman, R. L. (2015, October). *CREST-M Curriculum: Children using Robotics for Science, Technology, Engineering, and Math*. Gifted Association of Missouri Conference, Columbia, MO.
- Berry, M., & Coxon, S. V. (2015, October). *Young Scholars: Identifying and Serving High Ability Students from Diverse Backgrounds*. Gifted Association of Missouri Conference, Columbia, MO.
- Senne, J., & Coxon, S. V. (2015, March). *Creative architectural activities to challenge gifted students in math*. Gifted Association of Missouri (District A), Maryville University, St. Louis, MO.
- Coxon, S. V. (2014, October). *Developing habits of mind for young critical thinkers*. Gifted Association of Missouri Conference, Springfield, MO.
- Coxon, S. V. (2014, October). *A path forward for increasing diversity in gifted programs*. Gifted Association of Missouri Conference, Springfield, MO.
- Senne, J., & Coxon, S. V. (2014, October). *Creative architectural activities to challenge gifted students in math*. Gifted Association of Missouri Conference, Springfield, MO.
- Coxon, S. V. (2014, March). *Teach for innovation with STEAM*. Gifted Association of Missouri (District A), Maryville University, St. Louis, MO.
- Coxon, S. V. (2013, October). *Missouri leads the way toward increasing diversity in gifted programs*. Gifted Association of Missouri Conference, Springfield, MO.

- Bilby, B., & Coxon, S. V. (2012, October). *Identify and serve high ability students from poverty: The Maryville Young Scholars model*. Gifted Association of Missouri Conference, Columbia, MO.
- Coxon, S. V. (2012, February). *Robotics for the gifted*. Gifted Association of Missouri (District A), Lindenwood University, St. Charles, MO.
- Coxon, S. V. (2012, February). *Kids are scientists with creative problem-based units*. Gifted Association of Missouri (District A), Lindenwood University, St. Charles, MO.
- Coxon, S. V. (2011, October). *Partners in innovation: Creative and spatial abilities*. Gifted Association of Missouri Conference, Columbia, MO.
- Coxon, S. V. (2011, March). *Challenge kids with creative and spatial abilities in your class*. Gifted Association of Missouri (District A), Lindenwood University, St. Louis, MO.
- Coxon, S. V. (2011, March). *Creativity and computer programming? Animations and video games*. Gifted Association of Missouri (District A), Lindenwood University, St. Louis, MO.
- Coxon, S. V. (2010, February). *Coaching a FIRST LEGO Robotics team*. Children's Engineering Convention, Richmond, VA.
- Coxon, S. V. (2010, February). *LEGO WeDo*. Children's Engineering Convention, Richmond, VA.
- Coxon, S. V. (2009, October). *Using LEGO Robotics to enhance student understanding of STEM careers*. Virginia Association for the Gifted, Virginia Conference on Gifted Education, Williamsburg, VA.
- Coxon, S. V. (2009, October). *Computer programming for kids*. Virginia Association for the Gifted, Virginia Conference on Gifted Education, Williamsburg, VA.
- Coxon, S. V. (2009, October). *Build it! Inexpensive activities for enhancing spatial reasoning*. Virginia Association for the Gifted, Virginia Conference on Gifted Education, Williamsburg, VA.
- Coxon, S. V. (2009, February). *Build It! Fun activities for problem solving and spatial reasoning*. Children's Engineering Convention, Richmond, VA.

Keynote addresses

- Coxon, S. V. (2017, February). *Makerspace: Concept to reality* (Keynote address). Gifted Association of Missouri District A. Maryville University, St. Louis, MO.
- Coxon, S. V. (2015, February). *Awakening the creative forces* (Keynote address). Gifted Association of Missouri District A. Lindenwood University, St. Charles, MO.

Commencement addresses

- Coxon, S. V. (May, 2013). Commencement address. McKinley Classical Leadership Academy (public, gifted magnet middle/high school). St. Louis Public Schools. St. Louis, MO.

Symposia

- Coxon, S. V. (2018, January). The Center for Access and Achievement STEM education pipeline. In F. Fowler (chair), *Workforce Development Panel*. Symposium conducted at the Boys and Girls Clubs of Greater St. Louis board retreat, St. Louis, MO.
- Coxon, S. V. (2016, April). Preparing high ability students from poverty for gifted programs: The Young Scholars Program. In A. Cotabish (chair), *STEM opportunities for gifted learners*. Symposium conducted at the Council for Exceptional Children convention and expo, St. Louis, MO.
- Coxon, S. V. (2016, September). In M. Dragoni (chair), *Most likely to succeed*. Symposium conducted at Ritenour High School, Ritenour, MO.
- Coxon, S. V. (2016, February). In J. Horwitz (chair), *Most likely to succeed*. Symposium conducted at Maryville University, St. Louis, MO.
- Coxon, S. V. (2015, November). S is for science education at the secondary level: Curriculum and instructional methods for developing scientific thinking and habits. In B. D. MacFarlane (chair), *STEM education for highability learners: Designing and implementing programming*. Symposium conducted at the National Association for Gifted Children annual convention, Phoenix, AZ.
- Coxon, S. V. (2011, November). In D. Pupillo (chair), *Project Parkway Panel Discussion on Gifted Education*. Symposium conducted by Parkway School District. Parkway South High School, Ballwin, MO.
- Coxon, S. V. (2011, November). Applying for faculty positions. In P. Gyles and C. Walker (Chairs), *Going to graduate school in gifted education: Choosing a program, surviving, and succeeding*. Symposium conducted by the Graduate Student Committee. National Association for Gifted Children Annual Convention, New Orleans, LA.

Webinars and Podcasts

- Coxon, S. V. (2018, January). *Creativity*. Unlimited Potential Podcasts. St. Louis, MO.
- Coxon, S. V. (2016, March). *S is for science education at the secondary level: Curriculum and instructional methods for developing scientific thinking and habits*. Webinar on Wednesday (WoW). National Association for Gifted Children, Washington D.C.
- Coxon, S. V. (2015, September). *Scientifically speaking: Best practices for science education with high-ability children*. Webinar on Wednesday (WoW). National Association for Gifted Children, Washington D.C.
- Coxon, S. V. (2011, April). Applying for faculty positions. In P. Gyles and C. Walker (Chairs), *Going to graduate school in gifted education: Choosing a program, surviving, and succeeding*. Webinar on Wednesday conducted by the Graduate Student Committee of the National Association for Gifted Children, Washington D.C.

Workshop presentations

- Coxon, S. V. (2018, January). *CREST-M curriculum and LEGO WeDo 2.0 robotics*. Train the trainer workshop for Washington University's MySci and The LittleBit Foundation. Washington University, St. Louis, MO.
- Coxon, S. V. (2018, January). *Robotics across the curriculum*. STEMPact. Steelworkers Union Hall, St. Louis, MO.
- Coxon, S. V. (2017, July). *CREST-M curriculum and LEGO WeDo 2.0 robotics*. Train the trainer workshop for Washington University's MySci and The LittleBit Foundation. Washington University, St. Louis, MO.

- Coxon, S. V., Dunlop, E., Carr, A. (2017, January). *Coding and robotics for early childhood*. Ritenour School for Early Childhood Education, St. Louis, MO.
- Coxon, S. V. (2016, August). *STEM and Project-Based Learning in gifted education*. Professional development day Rockwood gifted education faculty. Rockwood Public Schools, Wildwood, MO.
- Coxon, S. V. (2014, August). *Jacob's Ladder and Literary Reflections implementation in the classroom*. Professional development day, Kennard Classical Junior Academy (gifted magnet elementary school), St. Louis Public Schools, St. Louis, MO.
- Coxon, S. V. (2013, January). *The decline in creativity among U.S. youth and what you can do about it*. Faculty Development Day, Maryville University, St. Louis, MO.
- Coxon, S. V. (2012, March). *WeDo robotics*. STEM Week. Prairie View Elementary third graders. O'Fallon, MO.
- Coxon, S. V. (2012, March). *NXT robotics for LEGO Cares*. Adams Elementary School LEGO Cares team. St. Louis, MO.
- Coxon, S. V. (2012, January). *A critical thinking model useful across disciplines*. Faculty Development Day, Maryville University, St. Louis, MO.
- Coxon, S. V. (2011, March). *Problem-based learning*. EDW: 590 Curriculum and Instruction of the Gifted. Peabody eMints Academy, St. Louis Public School System, St. Louis, MO.
- Coxon, S. V. (2010, March). *LEGO robotics*. Super Saturday for Parents of Gifted Children. Spotsylvania County Public Schools, Spotsylvania, VA.
- Coxon, S. V. (2009, September). *Critical thinking models for understanding environmental issues*. Virginia Department of Environmental Quality, Virginia Naturally, Emerging Leaders Workshop, Williamsburg, VA.
- Coxon, S. V. (2009, September). *Acid, Acid Everywhere: PBL training for fifth grade gifted educators*. Hampton County Public Schools, Hampton, VA.
- Coxon, S. V. (2009, August). *Think like a scientist: Project Clarion*. Isle of Wight County Public Schools, Isle of Wight, VA.
- Coxon, S. V. (2009, August). *Think like a scientist: Project Clarion*. Halifax County Public Schools, South Boston, VA.
- Coxon, S. V. (2009, July). *Think like a scientist: Project Clarion*. Washington County Public Schools, Abingdon, VA.
- Coxon, S. V. (2009, June). *The Center for Gifted Education science units*. Summer Institute, Center for Gifted Education, The College of William and Mary, Williamsburg, VA. [Three day session]
- Coxon, S. V. (2009, June). *Think like a scientist: Project Clarion*. Giles County Public Schools, Pearisburg, VA.
- Coxon, S. V. (2009, June). *Think like a scientist: Project Clarion*. Roanoke County Public Schools, Roanoke, VA.
- Coxon, S. V. (2009, May). *Think like a scientist: Project Clarion*. Rockbridge County Public Schools, Lexington City Public Schools, Nelson County Public Schools, Washington and Lee University education department leadership, Lexington, VA.

- Coxon, S. V. (2009, May). *Think like a scientist: Project Clarion*. Page County Public Schools, Luray, VA.
- Coxon, S. V. (2009, May). *Think like a scientist: Project Clarion*. Campbell County Public Schools, Rustburg, VA.
- Coxon, S. V. (2009, April). *Think like a scientist: Project Clarion*. Montgomery County Public Schools, Montgomery County Public Schools, Christiansburg, VA.
- Coxon, S. V. (2009, April). *Think like a scientist: Project Clarion*. Middlesex County Public Schools, Saluda, VA.
- Robbins, J., & Coxon, S. V. (2009, March). *Think like a scientist: Project Clarion*. Orange County Public Schools, Orange, VA.
- Bland, L. C., & Coxon, S. V. (2009, January). *Think like a scientist: Project Clarion*. Fairfax County Public Schools, Falls Church, VA.
- Coxon, S. V. (2006, March). *Build It! Fun activities for problem solving and spatial reasoning*. Differentiation Marketplace, Montgomery County Public Schools, Christiansburg, VA.

Invited talks

- Coxon, S. V. (2017, November). *Precocious, intense, complex: Understanding the special needs of gifted children*. Lindbergh Parents of the Gifted, Lindbergh, MO.
- Coxon, S. V. (2017, February). *Innovative allies: Creative and spatial abilities*. Presentation to superintendents. Western Kentucky University, Bowling Green, KY.
- Coxon, S. V. (2017, February). *Pathways forward for increasing diversity in gifted programs*. Presentation to superintendents. Western Kentucky University, Bowling Green, KY.
- Coxon, S. V. (2017, January). *Giftedness and gifted education*. Jennings Public Schools Gary Gore Community Center, St. Louis, MO.
- Coxon, S. V. (2015, November). *Curiosity panel: Development of curiosity*, Maryville University, St. Louis, MO.
- Coxon, S. V. (2015, November). *The Godfather*. Hum 254: Maryville Talks Movies. Maryville University, St. Louis, MO.
- Coxon, S. V. (2015, September). *Understanding the special needs of gifted children*. Parkway School District Instructional Service Center, St. Louis, MO.
- Coxon, S. V. (2015, September). *Veganism*. INTD 101: University Seminar on Animal Welfare. Maryville University, St. Louis, MO.
- Coxon, S. V. (2015, February). *Increasing diversity in gifted education*. Educators for Social Justice Educating for Change Curriculum Conference. Maplewood-Richmond Heights Elementary School, Maplewood, MO.

- Coxon, S. V. (2015, January). *Student engagement and the Maryville Young Scholars Program*. Faculty Development Day, Maryville University, St. Louis, MO.
- Coxon, S. V. (2014, November). *21st century college and careers for the highly gifted*. PEGS Parents Group. Lindbergh, MO.
- Coxon, S. V. (2014, October). *Critical thinking models and the highly gifted*. PEGS Parents Group. Lindbergh, MO.
- Coxon, S. V. (2014, October). *GAM talk: Science and the gifted*. Gifted Association of Missouri, Springfield, MO.
- Coxon, S. V. (2014, September). *Creativity and the highly gifted*. PEGS Parents Group. Lindbergh, MO.
- Coxon, S. V. (2014, March). *Welcome address*. Gifted Association of Missouri (District A), Maryville University, St. Louis, MO.
- Coxon, S. V. (2013, December). *Future trek: Robots invade your classroom*. Academy of Science, St. Louis Public Schools, Maryville University. St. Louis, MO.
- Coxon, S. V. (2013, October). *Serving visual-spatial learners*. Gifted Association of Missouri Conference, Springfield, MO.
- Coxon, S. V. (2013, September). *The Maryville Young Scholars alternative gifted identification state-approved pilot plan*. MAGC, Parkway Instructional Service Center, St. Louis, MO.
- Coxon, S. V. (2013, September). *Creativity for problem-based learning*. Kennard Junior Classical Academy. St. Louis Public Schools. St. Louis, MO.
- Coxon, S. V. (2013, March). *Precocious, intense, complex: Understanding the special needs of gifted children*. Meeting of the Hazelwood School District parents of the gifted group, Hazelwood, MO.
- Coxon, S. V. (2013, January). *Future trek: Robots invade your classroom*. Academy of Science, St. Louis Public Schools, Maryville University. St. Louis, MO.
- Coxon, S. V. (2012, December). *Creativity*. Ladue School District, St. Louis, MO.
- Coxon, S. V. (2012, December). *Multi-exceptional children in the elementary gifted program*. Ladue School District, St. Louis, MO.
- Coxon, S. V. (2012, November). *Increase Diversity in Your District with The Maryville Young Scholars Model*. St. Louis Metro Council. Maryville University, St. Louis, MO.
- Coxon, S. V. (2012, October). *Precocious, intense, complex: Understanding the special needs of gifted children*. Meeting of the Lindbergh LEAP parents group. Dressel School, Lindbergh, MO.
- Coxon, S. V. (2012, May). *Problem-based Learning*. Webster Groves School District gifted faculty. Maryville University, St. Louis, MO.
- Coxon, S. V. (2011, November). *Serving students with challenges requiring spatial and creative abilities*. Ladue School District gifted faculty. Reed Elementary School, Ladue, MO.

Coxon, S. V. (2011, April). *The benefits of academic competitions for gifted children*. Webster Groves School District gifted faculty. Early Years Family Center, Webster Groves, MO.

Coxon, S. V. (2011, April). *Identifying gifted students from traditionally underserved populations*. Webster Groves School District gifted faculty. Early Years Family Center, Webster Groves, MO.

Coxon, S. V. (2010, November). *Overview of research on acceleration and accelerative policy recommendations*. Parkway Public Schools Acceleration Committee. Southwest Middle School, Manchester, MO.

Coxon, S. V. (2004, August – 2006, December). *Education in Malawi, Africa*. Two churches and a school, Radford, Christiansburg, and Blacksburg, VA.

Guest Lectures

Coxon, S. V. (2014, September). *Animal welfare vegan/vegetarian panel*. EDUC 101: University seminar, Maryville University, St. Louis, MO.

Coxon, S. V. (2014, June). *The Maryville Young Scholars Program as a model for increasing diversity in gifted programs*. EDUC 697: Special Populations in Education, Maryville University, St. Louis, MO.

Coxon, S. V. Bilby, B., Brown, C., Dragoni, M., Engelkenjohn, K., & Schoeck, M. (2014, April). *Differentiation for beginning teachers*. EDUC 400, 402, 403, 404, 405: Student Teaching Seminar (elementary, art, early childhood, high school, middle school), Maryville University, St. Louis, MO.

Coxon, S. V. (2013, December). *Problem-based learning in the elementary school*. EDW 615: Curriculum and Instruction for the Gifted Course for Young Scholars Program Faculty, Bermuda Elementary, St. Louis, MO.

Coxon, S. V. (2013, October). *Maryville's precollegiate robotics program*. Academic Affairs Advisory Board, Maryville University, St. Louis, MO.

Coxon, S. V. (2013, September). *Academic publishing*. Higher educational doctoral seminar class, Maryville University, St. Louis, MO.

Coxon, S. V. (2013, September). *Make a real, working robot*. Alumni Weekend, Maryville University, St. Louis, MO.

Coxon, S. V. (2012, December). *Problem-based learning in the elementary science classroom*. EDUC 615: Curriculum and Instruction for the Gifted, Young Scholars section. Johnson-Wabash Elementary School, FergusonFlorissant School District, Ferguson, MO.

Coxon, S. V. (2012, October). *Robots invade the classroom*. Family Weekend. Maryville University, St. Louis, MO.

Coxon, S. V. (2012, June). *LEGO robotics and creativity*. EDUC 329: Creative Problem Solving. Maryville University, St. Louis, MO.

Coxon, S. V. (2012, February). *Problem-based learning*. EDUC: 615 Curriculum and Instruction of the Gifted. Peabody eMints Academy, St. Louis Public School System, St. Louis, MO.

- Coxon, S. V. (2011, October). *Creativity in the sciences with robotics*. EDUC 333: Integrating the Arts. Maryville University, St. Louis, MO.
- Coxon, S. V. (2011, October). *Robots invade the classroom: Education and outreach at Maryville University*. Family Weekend. Maryville University, St. Louis, MO.
- Coxon, S. V. (2011, June). *Robotics and critical thinking*. EDUC 629: Creative Problem Solving. Maryville University, St. Louis, MO.
- Coxon, S. V. (2010, April). *Advocacy in gifted education*. EDUC 670: Gifted Program Planning. The College of William and Mary, Williamsburg, VA.
- Coxon, S. V. (2010, April). *The profession of teaching*. Social and Philosophical Foundations of Education. The College of William and Mary, Williamsburg, VA.
- Kim, M., & Coxon, S. V. (2009, December). *Advanced Placement overview for visiting Japanese teachers*. The College of William and Mary, Williamsburg, VA.
- Rose, V., & Coxon, S. V. (2009, March). *Problem-based learning: Saturday Enrichment Program faculty development*. Center for Gifted Education, The College of William and Mary, Williamsburg, VA.

Poster Sessions

- Coxon, S. V. (2011, November). *Rampaging robots: Results of an intervention study of spatial ability and LEGO robotics*. National Association for Gifted Children Annual Convention, New Orleans, LA.

Service

Editorships

- | | |
|----------------|-----------------------------------------------------------------------------------|
| 2012 – present | Book review section editor, <i>Roeper Review</i> |
| 2009 – 2010 | Assistant editor, <i>Journal for the Education of the Gifted</i> |
| 2008 | Reference editor, <i>Leading change in gifted education</i> . Waco, TX: Prufrock. |

Reviewerships

- | | |
|----------------|---------------------------------------------------------------------------------------------------|
| 2015 – present | Reviewer, <i>Gifted Child Today</i> |
| 2015 – 2017 | Reviewer, National Association for Gifted Children annual convention, STEM Network |
| 2014 – present | Reviewer, <i>Journal of Advanced Academics</i> |
| 2013 – 2017 | Reviewer, National Association for Gifted Children annual convention, Creativity Network |
| 2011 – present | Reviewer, <i>Teaching for High Potential</i> |
| 2011 – 2015 | Reviewer, National Association for Gifted Children annual convention, Special Populations Network |

2010 – present	Reviewer, <i>Journal for the Education of the Gifted</i>
2009 – 2015	Reviewer, American Educational Research Association (AERA) annual meeting, Special Interest Group (SIG) in Research on Giftedness, Creativity, and Talent
International-level Service	
2015 – 2017	Global Judging Advisory Committee, FIRST LEGO League
National-level Service	
2014 – 2017	STEM Committee, National Association for Gifted Children
2014 – 2017	Creativity Committee, National Association for Gifted Children
2016	Invited book reviewer, National Association for Gifted Children
2014	Invited book reviewer, National Association for Gifted Children
2012	Invited book reviewer, Pearson
